InshaAllah, today we will start to learn in details about a great blessing which is part of the true faith (the belief in Allah's Oneness "

To know about this great blessing let's read these verses of the Quran.

To day, inshaAllah, we will learn about a great benefit and blessing related to the belief in

Allah's Oneness, which is "Al-tawakkul" i.e. "to have trust in Allah"

In order to know about this great blessing

Let's learn 4 verses of the Quran and realize

their messages :-

3
1) Surat (39) - V (62)

"Allah is the creator of everything and of all things, He is the Guardian".

This is the truth that every thing in the universe is created by Allah. The control of the heavens and the earth is only to Allah.

2) Surat (3) - V (26)

These verses take the form of a direct instruction from Allah to His Messenger and every believer to: turn to Allah and that Allah is the Only Owner and Controller of human life and the whole universe.

Allah is the only God, the Single deity, the only Owner of all the dominion.

He gives whatever portion of His dominion to whomever He wants of His servants, like a borrowed article. Also, He attains his absolute right of taking it back whenever he wants.

This received dominion, remains subject to the terms and conditions stipulated by the original Sovereign.

(Also) Allah also is the One Who

Exalts whom He wills

And

Abases Whom He wills.

His Power is absolute, and it is based on His Justice.

All the good in this life is up to Allah's Will as Allah is able to do all things.

The Only God: Allah The Allmighty is the One, Who controls sustains, owns, plans and grants sustenance to all.

People must submit only to the Eternal Master of all, the Sovereign of all dominion; Who exalts and abases, gives life and ^{causes} death. Who gives the grace to whom He wills and withdraws it from whom He wills. In every situation, He ensures justice and brings about what is good.

(5) 3- Surat Iqman 31 - V 34

Prophet Mohamed (SA-W) said

These are the (5) keys of the unseen, which nobody knows except Allah.

1st Key is the knowledge of the last Hour: none

knows it other than Him. So every believer must try to be ready for it to happen at any moment through obedience of Allah and doing the good deeds.

2nd Key is that Allah is the One Who sends down the rain

in accordance with His Wisdom and in the measure He chooses. People may know by measurements that rain is due, but they cannot create the conditions that bring rain about.

The Quranic statement makes clear that: it is Allah, Who sends down the rain as it is He, Who initiates the universal conditions that form and regulate it.

6
∴ Sending down the rain is the ability of Allah which is considered a key of the unseen.

3rd key of the unseen which none knows except Allah is: what wombs contain at every moment and in every stage. Allah knows the features of the foetus, its characteristics and future abilities. Allah knows the lifespan, the provision the deeds and everything about the foetus which is part of Allah's exclusive knowledge.

4th Key of the unseen: No body knows what will happen to them tomorrow: good or bad - benefit or harm - ease or hardship, health or sickness, obedience to Allah or disobedience.

We must realize that "earning" in the Quran is far more general than material gain. It applies to everything that happens to a person tomorrow, which is kept hidden under thick cover. People may try to discover this, but they will always fail.

5th Key of the unseen: No one knows in what Land they will die" i.e no person knows where his resting place will be, on the Land or in the sea,

Prophet Mohamed (S.A.W) said:-

"If Allah wants to take a person's soul in a particular Land, He will give him a reason to go there."

These are the knowledge, which only Allah

8

knows.

We will always remain blind to what happens tomorrow
or even in the next moment.

We will always realize that Allah The All Knower
is the Only One Who has the knowledge of the unseen.

• The fourth verse of the Quran which we
will learn is

8

Surat Yunus (107)

And Surat ALAHZAB (27)

These 2 verses of the Quran are teaching the
that Laws of harm and benefit that affect human
beings when they expose themselves to their causes

If you follow His Laws which
generate benefit for you

↓
No one will be able to stop
that benefit

∴ Benefit will
be granted by Allah to those who decide
to follow the way of Allah.

If ~~you~~^{harm} afflicts you
through the operation
of Allah's Law

↓ then
No one can remove
that harm unless you follow
the Rt course.

These verses of the Quran are the proofs of the
Omniscience of the Lordship of Allah.

A belief which guides the heart to the belief
in the Omniscience of the worship of Allah
which includes putting all the trust in
Allah i.e. AlTawakul.

Q

∴ What "AlTawakul": putting trust in Allah means?

A:

It means : The belief of the Omniscience and Power of Allah

Never to Link any need
to human being

to realize the continuous need
to Allah in every minute

Sincere dependance on Allah
only for having any
benefit or removing
any harm.

Belief in Allah
Promises

a Will which
never weakens

Hope leading
to effort

Full trust
in Allah

Full reliance on Allah after trying all the means

Tawakul - (trust in Allah)

The more your faith $\rightarrow$ the more is your trust

Theory of Tawaful in Islam:

first A. the believer is required to try all the means

and to fulfill all the requirement

B. the full ^{trust} belief that it is Allah's will

that has the full ^a role in all matters.

Second Acceptance of all the consequences and

results as it is out of Allah's wisdom

knowledge and mercy.

Allah said in the Quran:

And put your Trust in Allah if you are true believers

If you are looking for a guarantee for your marriage

If ~ ~ ~ ~ ~ → put your trust in Allah
your health

2 2 2 2 2 2 2 kids

If ~ ~ ~ ~ ~ $\xrightarrow{\text{for all } y \text{ over life}}$
 $\xrightarrow{\text{put your trust in Allah.}}$
